Level 2 - The New Normal

19th August 2020

Following the Announcement on Saturday night by our President, we are now at Level 2. Drinks are available again and so are those (legal) tobacco items. Although level 2 brings relief in certain areas; we need to remember that although we have a few new freedoms, there are protocols still in place, sanitising, masks and social distancing is not quite a thing of the past just yet.

Seems the rains arrived in full swing this week. The Club recorded 28mm on Monday and by time of writing this another 70mm had fallen.

The Bridge at the 6th over-flowed for a few hours on Tuesday afternoon - but seemed to subside by late afternoon. The fallen Black Wood under the 5/6th bridge was closely monitored but did not post any danger during the flood. Refer to notes on Spring treatment.

No Golf Tuesday and seems Wednesday is not a go. If we play golf on Thursday, we are doubtful that carts will be allowed. We will keep you posted on the progress.

At Plettenberg Bay Country Club, we strive to do as much as possible to find the path between enjoying our great facilities, and still keep within the guidelines and protocols. Please bear with us during these times and stick to the protocols in place.

We are getting ready to get back to the "New Normal". As a start the Famous Plett Country Club Breakfasts will be available again as from Thursday, 20 August 2020.

Tables are set out by Greg and the team - please keep them in the format they are set up. This is done with the understanding of social distancing, and with consideration of guests that can be hosted at any one time. This might change as we get more information and guidelines from Government Gazette and Golf RSA.

Our Bar will resume service at 10am daily. Welcome back !!!

For the time being, please order at the bar as staff will be on rotational shifts to prevent infections i.e. 2 staff on and 2 off.

At end of August we are commencing our Spring treatment. No hollow-tining will be done, but there will be aeration and dusting. This will commence on August 31st and continue up to the 3rd September. During this time we aim to do a few other projects and clean-ups. Once signed off by Committee on August 21st, we will communicate further details.

Until we meet again. Enjoy every minute of what Plett has to offer!
