Lockdown Level 2 at the club

It has been 2 weeks since level 2 kicked in and finally we have the pleasure of seeing members enjoying a drink on the veranda and in the bar, unfortunately the weather was not too kind to us when we could open the pub for the first time as nobody was playing golf under those conditions, to date we have recorded 183mm for August, but we are playing catch up now. Although a few regulations have been relaxed slightly we still have to follow certain protocols and risk mitigation rules

As we have to keep a minimal contact between the staff and maintain best possible level of service the following will apply from September 1st

Bar

There will be 2 barmen on duty from 10h00 to close every day, there will be no table service so we ask that players please collect drinks from the bar, the cleaner on duty will collect empties and clear tables but will not take orders.

Masks must be worn at all times when in the bar or toilets, when sitting at the table masks may be removed and please note tables must remain as is ie tables of 4, please do not pull tables together.

The front door and passage opposite the reception will be opened from 17h00 onwards so members do not have to walk all the way round but please note the locker-rooms and showers remain closed.

Kitchen and Half-Way

It has been decided to maintain the **grab and go** half-way until further notice as general consensus is players are enjoying the 4 - 4.15 hour rounds.

The ladies will be working alternate days with 3 staff on per day from 07h00 until 16h00 and as of 1st September this will include Sunday's

Please note the NO MASK NO SERVICE rule remains and if staff are found to be serving customers who are not wearing a mask they will face disciplinary procedures so please cooperate with this rule.

Golf

Please stick to the entry / exit protocols to prevent any congestion at the entrance to the pro shop, this is very important in our risk mitigation protocols.

For golf cars the club recommends 1 player per cart but players may choose to share but at their own risk.

We have had the first prize giving and all seemed to go reasonably well so will continue as per the old normal but again we ask players not to pull tables together, please keep to tables of four.

As the pro-shop staff are now back to doing the leader-board we will mix up the competitions a bit for variety

Please enjoy the course, FIX PITCH MARKS, and stay safe
