News Brief 23rd November 2020
To All members

Further to our correspondence of last week regarding the surge in covid-19 cases in the Bitou area the following regulations have been decided to ensure minimal contact and reduce the chances of covid transmission.

As from 23rd November 2020 there will no longer be a prize giving for any club competition, as per level 3 winners will be posted on the notice board and web site and prizes can be collected from the pro-shop.

There will be no organized functions until further notice, the monthly mixed scheduled for 13th December will be golf but no dinner or prize giving, ladies Xmas Lunch will be golf but also no lunch or prize giving, we ask that the private groups such as Monday Hackers, Wednesday School and Beans Golf please also maintain social distance and maximum of 4 persons to a table during their golf days.

Club Championships

Club Championships will carry on as booked for the 4th 5th and 6th of December but with certain restrictions as below.

The ladies on Friday 4th will choose their own 3 ball but will be ceded on the Saturday and there will be no prize giving ceremony.

For the men we request that you arrange your own 4 ball for Saturday and please phone the pro shop to book your time, A&B division players may play medal together from the white tees and C & Senior division may play together on stableford points. Please note medal players may not play in same 4 ball as stableford players.

Sunday will be ceded and again there will be no prize giving ceremony afterwards, we also ask that players who finish early on Saturday do not remain at the club waiting for the Sunday tee off times, as soon as these are ready the pro shop will SMS the times to the players.

We fully understand that this is not the best way and a lot of the fun is taken out of the picture, but player safety must always take precedence.

Look after your health and the health of your co-players by following all the protocols as far as possible and please always maintain a social distance of 1,5 – 2 meters, don't take out the flag, don't shake hands after the game and sanitize hands as soon as the score card is handed in
