11 November 2021

Dear Members

It is an absolute honour and privilege to serve on the committee of the PBCC. The new committee met for the 1st time on the 1st November and from the outset it was apparent that we all shared the same goal for our club.

Good communication is the key to success. Without effective communication, a message can turn into an error, misunderstanding and frustration. To this end, it is my intention to keep you informed and abreast of what will be happening at the club.

The committee will be attending a Strategy Workshop, to work out a model for, Action, Execution and Results. Our aim is to address all concerns and deliver a club that we can be proud of!

- An Environmental Committee has been established headed by the inimitable Rodney Gray. Rodney will be addressing Alien eradication and the trimming of the trees on the course. If any members would like to get involved in this project, please contact Rodney directly.
- Derek Chambers has volunteered his services to maintain the gardens around the club house and on the course. He will be concentrating on the manicuring of these beds.
- The 11th Tee box is taking shape and we are pulling out all stops to ensure that it is completed ASAP.
- We are working on a new website. The new site will be more user friendly and will be easier to navigate. A good website is an integral part of the marketing of our club.

I call on you to bear with us over this transition period. Any valid concerns or gripes should be communicated to a committee member, so that it can be dealt with accordingly. Negativity is counterproductive and leads to unnecessary unhappiness amongst the members.

Season will soon be upon us, we look forward to seeing many holiday makers, and welcoming our swallows back to our club.

Yours sincerely

Barbi May
Chairperson
PBCC
